Experience

Canadian Centre for Occupational Health and Safety
Vice President Operations
November 2019 - Present (6 years 7 months)
Hamilton

The Vice President Operations (VP Ops) is responsible for the development and implementation of the operational plans within a sustainable financial framework in accordance with the Centre's strategic plan. The Vice President Operations provides leadership in achieving excellence in the quality, integrity and viability of CCOHS' products and services, providing direction and overall management of assigned Service Units. In collaboration with the Leadership Team, the VP Ops contributes to the development of the Centre's strategic plan.

COOSHA - Colleges of Ontario Occupational Safety and Health
Administrators

8 years 11 months

Co-Chair

May 2016 - November 2018 (2 years 7 months)

COOSHA is a professional association of administrative staff members carrying responsibility for occupational health and safety from each of the Applied Arts and Technology Colleges in Ontario.

COOSHA is responsible for advancing occupational health and safety within Ontario Colleges and fostering excellence in occupational health & safety governance and management within member institutions. This is achieved through:

- Advocacy
- Leadership and management
- Development and adoption of standards and best practices
- Collaboration

COOSHA operates within a framework provided by Colleges Ontario and maintains an advisory relationship, within this framework, with both Ontario Colleges Facilities Management Association (OCFMA) and the Human Resources Coordinating Committee (HRCC)
